INDEPENDENT AUDITORS' REPORT

To the Board of Directors Grand Valley Public Radio Company Grand Junction, Colorado

We have audited the accompanying financial statements of the Grand Valley Public Radio Company (a nonprofit organization), which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Grand Valley Public Radio Company as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Organization

Grand Valley Public Radio Company (the Organization) is a local not-for-profit organization located in Grand Junction, Colorado, supported primarily by contributions and underwriting from the surrounding community and a grant from the Corporation for Public Broadcasting. The Organization operates community radio station KAFM, largely with volunteer on-air personalities and support staff.

2. Basis of Accounting

The financial statements of the Organization are presented using the accrual basis of accounting which records income when earned and expenses when incurred. Contributions received or made, including unconditional promises to give, are recognized in the period received or made, respectively, at fair value. Amounts are classified based on the presence or absence of donor-imposed restrictions as described below.

3. <u>Revenue Recognition</u>

Contributions received are recorded as without donor restriction or with donor restriction, depending, on the existence and/or nature of any donor restrictions.

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in restricted net assets. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restriction are reclassified to net assets without donor restriction and reported in the Statement of Activities as net assets released from restrictions.

4. Cash and Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

5. Allowance for Doubtful Accounts

The Organization believes all of its receivables are collectible. Accordingly, no provision is made for doubtful accounts. All receivables are expected to be collected within one year.

NOTES TO FINANCIAL STATEMENTS

December 31, 2020 and 2019

NOTE A – SUMMARY OF SIGNFICANT ACCOUNTING POLICIES, continued

6. Property and Equipment

Property and equipment are recorded at cost or at estimated fair value at the date of gift if donated. Property and equipment with a cost or estimated fair value of \$750 or more and an estimated useful life greater than one year is capitalized. Furniture and equipment depreciation is computed on an accelerated basis over estimated useful lives of 5 to 7 years. Buildings and improvements are depreciated on a straight line basis over 39 years. The Organization follows the policy of not implying a time restriction and records unrestricted income for the donation of long-lived assets.

7. Tax Status

The Organization has been granted an exemption from federal income taxes under Section 501(c)(3) of the Internal Revenue Code.

8. Contributed Services and Property

A significant number of volunteers have donated their time to the Organization and its fund raising campaigns. Support arising from these contributed services is not recorded in the financial statements, as no objective basis is available to measure the value of the services performed. Certain contributed services that require specialized skills are recognized as contributed revenue and expense. The Organization believes this recognition is preferable in the circumstances and will better reflect the contribution and cost of such services. The Organization also receives donations of goods. These donations are recognized at fair market value at the date of gift. These contributed goods and services are valued at \$84,033 and \$96,568 for the years ended December 31, 2020 and 2019, respectively, and have been recorded as revenue and expense or fixed assets.

9. Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities and changes in net assets and the statements of functional expense accordingly, certain costs have been allocated among the programs and supporting services benefited on a reasonable basis that is consistently applied. The expenses that are allocated include compensation and benefits which are allocated on the basis of time and effort. Accounting and auditing, payroll processing, repairs and maintenance, supplies, and utilities are allocated based on management's estimate of usage among the functions.
