## CAB Agenda

- Coach: Community Affairs Show Proposal: “Building Bridges” with Randall Reitz and Janet Rowland
- - Point/Counterpoint type of show. The original idea involved big topics with a right leaning or left leaning spin.
  - Broadened the idea to include many topics from the community
  - Highlight good things that are happening in the community
  - No political arguments
  - Bring two political figures together and bring in community members that are doing great things
  - Bring in multiple perspectives: city/county, center-right/center-left
  - Anticipating starting Monday afternoons this summer
  - Building Bridges is a great name for the show
- **Recommendation:** The Community Advisory Board recommends moving forward with the show, “Building Bridges”. Board members are impressed with the show proposal and excited to hear upcoming content and guests.
- Brainstorm additional music genres  
Opera, mixed classical (crossover), reggae, hip-hop for a complete list click on this list. It is quite extensive and they may not all be necessarily good for our Western Slope crowd: <https://www.musicgenreslist.com/>  
Can we review the list and pinpoint more accurately some of the genres I can add to the music programming as we broaden our horizons with new programmers. I will have a print out for the May 10 meeting.
